

When to apply for the STAP budget

What budget is available?

A new application period for the STAP budget starts every two months. Has the budget run out? Then try again in a subsequent application period, provided you meet the conditions. After logging on to the website www.stapuwv.nl you will immediately see how much budget is still available.

When to apply for the budget!

Applications must be submitted at least 4 weeks before the start of the programme. Please check the exact starting date with the MBA office. The programme must start no later than 3 months after the end of the application period.

Pay attention!

You need to be formally admitted to the MBA programme before you can apply for the STAP budget. Please pay close attention to the application period and the required period before and after the start of the programme.
