

**WELCOME
TO TAPIJN!**

UMIO
PROFESSIONAL · DEVELOPMENT

 **Maastricht University**

FIRST TIME AROUND?

PLEASE READ OUR INSTRUCTIONS FIRST!

Since March 2020, UMIO is located at the beautifully redeveloped Tapijn campus; Maastricht's former barracks area situated in the very centre of the city park. You are warmly invited to visit us on site. If you do for the very first time, please take a look at the below instructions to make sure your trip will be smooth!

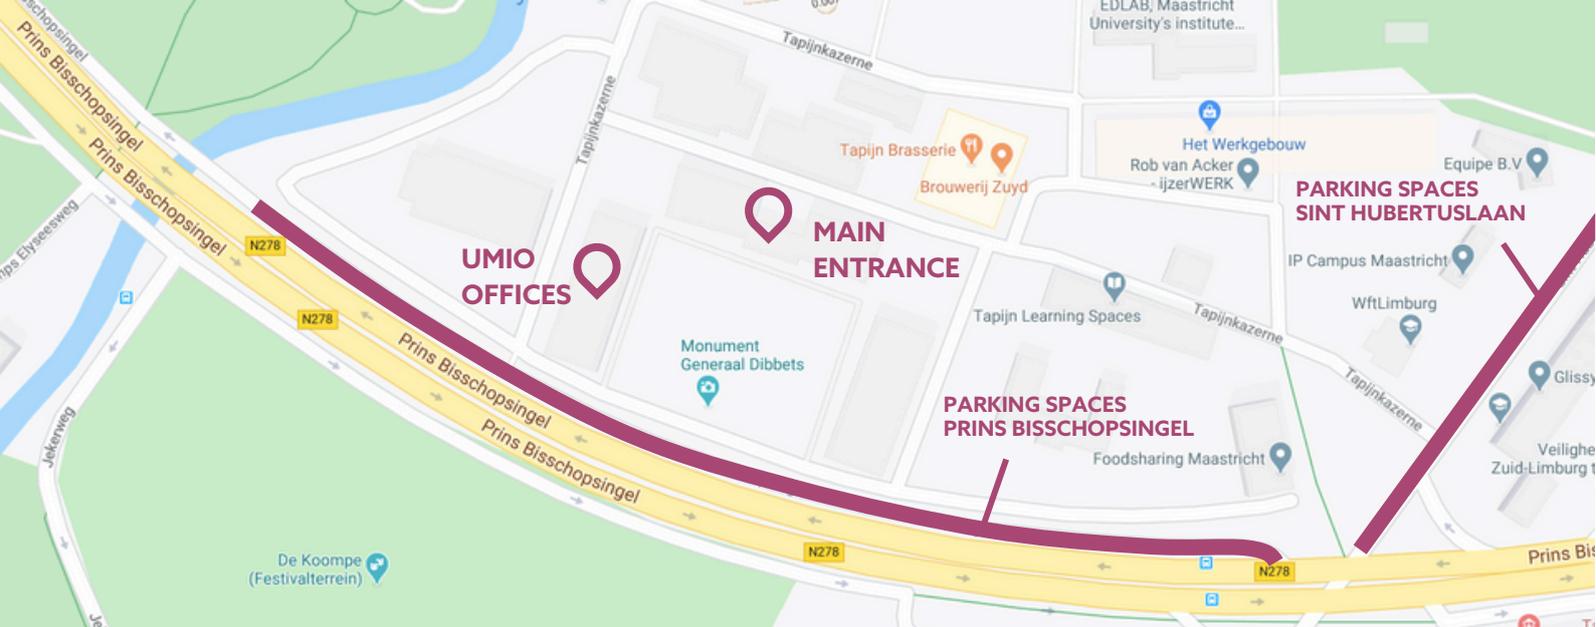

TRAVELLING BY CAR

Because the Tapijn campus stretches over a large walking area in the middle of a park, simply putting "Tapijnkazerne 11" or "UMIO" into your car navigation system can be tricky for the final part of your trip. You'll thank yourself by choosing one of the parking locations below!

Prins Bisschopsingel

If you take the highway to Maastricht, you will probably approach our Tapijn campus via the "Kennedy" bridge. If you do, make sure to cross the first intersection with traffic lights at the end of the bridge and take the service road that runs parallel to the "Prins Bisschopsingel" right after the intersection. We advise you to park your car in the dedicated parking spaces on that service road. Paid parking spaces are available here for an unlimited amount of time with progressive parking rates starting at €3.60 per hour, meaning the hourly rate increases the longer you stay.

Walking distance to main entrance: 1-2 minutes.

Sint Hubertuslaan

Alternatively, you can park at the "Sint Hubertuslaan" under similar conditions as the "Prins Bisschopsingel". If you do, make sure to turn right at the first intersection with traffic lights at the end of the "Kennedy" bridge and find a parking space on your left hand (park side). Paid parking spaces are available here for an unlimited amount of time with progressive parking rates starting at €3.60 per hour, meaning the hourly rate increases the longer you stay.

Walking distance to main entrance: 2-3 minutes.

Parking Maastricht Stadspark 1

A third option is to park your car on the parking premises of "Maastricht Stadspark 1". To get there, you need to take the right-hand exit on the "Kennedy" bridge after crossing the river Meuse. At the end of the exit, go straight ahead and find the car park on your left-hand side. Paid parking spaces are available for an unlimited amount of time. Maximum costs are €13 per day.

Walking distance to main entrance: 7-8 minutes.

TRAVELLING BY TRAIN

To reach us by train, travel to Maastricht Central Station (CS). From there you can either take a walk – which takes you about 20 minutes – or take the bus to "Tongersestraat" and take a small walk from there (approximately 6 minutes). Check www.9292.nl or www.arriva.nl to get real-time travel information.
